

Is there a correlation between specific days of the week and the frequency of breakdowns or delays?

Count of Breakdown_or_Running_Late		Column Labels	
Row Labels	Running Late	Grand Total	
Monday	54667	54667	
Tuesday	52332	52332	
Wednesday	53589	53589	
Thursday	53862	53862	
Friday	49512	49512	
Grand Total	263962	263962	

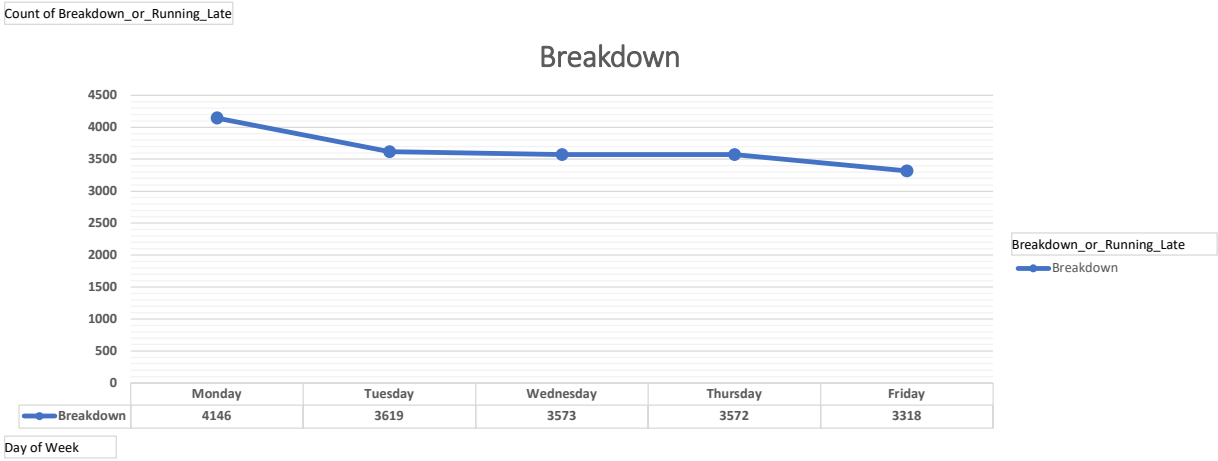

Findings

Spike in Delays on Mondays and a decrease in delay on Fridays.

Conclusion: Since the majority of delays caused by traffic, we can assume the decrease in delays on Fridays are caused by less people going to work on driving on that day.

Count of Breakdown_or_Running_Late		Column Labels	
Row Labels	Breakdown	Grand Total	
Monday	4146	4146	
Tuesday	3619	3619	
Wednesday	3573	3573	
Thursday	3572	3572	
Friday	3318	3318	
Grand Total	18228	18228	

Findings

There is a gradual decrease in breakdown throughout the week.

Conclusion: Since the majority of delays caused by traffic, we can assume the decrease in delays on Fridays are caused by less people going to work on driving on that day.
